New For 2009

WristPics™ to Take the Fun Home Creative print formats fun after the camera stops

Every party wants something fresh, something new. Pergola was created to offer exactly what you have been looking for. Pergola is the Gold Standard in Party Photo Booths™ because we continue to innovate. This season, our new features are each a response to a challenge from our terrific customers.

The challenge – The time in the Pergola Party booth was fun. You and your mates were outrageous. It was brilliant, absolutely brilliant. Sure you have the prints – but how to get them on Facebook to show your *other* mates??

The Pergola solution – WristPics™ - USB memory sticks on a wrist band. Your guests use them to take their pics home to load onto Facebook!

For Corporate parties, fund raising and trade shows, you can pre-load the WristPics with images, audio, even movies!

The challenge – A party with a Hollywood theme wanted the print format to resonate.

The Pergola solution – our latest print format – three images against a black film sprocket background.

Cumbria

London

New York

The challenge – Five guests go into a booth and build a moment to remember. The booth print comes out in seconds. One print and five guests . . . you get the picture.

The Pergola solution – A Photoconciierge Desk™
This is a second computer linked to the Party Booth. It is operated by our Photoconciierge to offer those blokes unlimited reprints!

The challenge – When you set up your event with us, you select whichever print format you fancy: two, three four, or six images per print [shown above, and on the preceding page].

On the day, one guest appears in ten prints and especially likes one specific image on one specific print – what to do?

The Pergola solution – The Photoconciierge DeskTM comes to rescue. One the day, the Desk can offer on a 4" X 6" print:

- 4" X 6" enlargements of anyone image
- Two copies of the same image
- Four wallet size prints

The challenge – The newspapers are full of doom and gloom. Philanthropic work is always difficult and it has never been tougher!

The Pergola solution – We can use the ability of the Photoconciierge DeskTM to select any one print to create calendars, iron-on transfer sheets, all sorts of gift items to encourage generosity.

Another idea – instead of your charity do being a one-off make it the launch point for months of activity ending in the publication of a commemorative volume.

Pergola offers unfettered creativity and lavish service. Bespoke décor, costume and insignia combined with the best of today's digital technology help create prints in seconds with memories for a lifetime.
